Engineered Quartz - ●●●○○○

Stone is a product of nature. These images show the approximate color and range of this material. Please contact us prior to specification.

Rev. 09-22-17 | *For NSF certification info, e-mail sales@dwyer-marble.com

Alaska Quartz is a radiant display of white, ivory creams and taupe designed to have the variations of natural stone. 4E is made of 92-96% of natural Quartz and it keeps the consistency and stability of natural rock. Because it is less porous than marble or granite, it is very stain resistant and does not require sealing. It is a durable and scratch resistant material that cleans easily with simply soap and water. 4E is manufactured to be hygienic and is a fully certified product including NSF*, GREENGUARD and CE making our surfaces ideal for healthcare, education, hospitality & food service.
