Rev. 09-22-17

Pegasus Quartz has a very light ivory base with larger Quartz material within the slab. It is consistent throughout with no veining. 4E is made of 92-96% of natural Quartz and it keeps the consistency and stability of natural rock. Because it is less porous than marble or granite, it is very stain resistant and does not require sealing. It is a durable and scratch resistant material that cleans easily with simply soap and water. 4E is manufactured to be hygienic and is a fully certified product including NSF*, GREENGUARD and CE making our surfaces ideal for healthcare, education, hospitality and food service.
