

VENEZIA

Engineered Quartz - ●●●○○○

Venezia Quartz has a soft creamy white base with grey and taupe veining replicating the depth of Italian marble. 4E is made of 92-96% of natural Quartz and it keeps the consistency and stability of natural rock. Because it is less porous than marble or granite, it is very stain resistant and does not require sealing. It is a durable and scratch resistant material that cleans easily with simply soap and water. 4E is manufactured to be hygienic and is a fully certified product including NSF*, GREENGUARD and CE making our surfaces ideal for healthcare, education, hospitality & food service.
