These products have been tested on Enigma Surfaces with succesful results. You can also used comparable products. If you have any doubt, our professional team will be happy to help.

TIPS:

- 1) Apply first on a small part of your surface and check how the product reacts before spraying the whole countertop.
- 2) Always follow manufacturer´s instructions, especially regarding dose and exposure.
- 3) Surfaces should never let dry out without rinsing thoroughly any residual cleansers.
- 4) Dry the surface with a cloth or paper towel.
